

IN THE SPECIFICATION

Please cancel the entire specification of the subject U.S. patent application, as filed, including the List of Reference Numerals, as set forth in the verified translation of PCT/DE2003/002466, in favor of the accompanying Substitute Specification. That substitute specification is the result of the entry into the verified translation of suitable section headings and of a cross-reference to related applications; the deletion of the List of Reference Numerals and of references to the claims; the correction of minor errors in grammar, phrasing, and punctuation and a general revision of the verified translation to place the substitute specification more in a form in accordance with U.S. practice. These various changes and corrections do not constitute any new matter. A marked-up copy of the verified translation, which shows the changes made thereto, to arrive at the substitute specification, is enclosed for the Examiner's review.
